

**Subject:** Results from MathLeague Elementary School Contest at Nugget Casino Resort on December 17

Here are the final results from Monday's MathLeague elementary school contest at Nugget Casino Resort. The MathLeague Elementary School contest (through grade 6) covers math typically taught through 6<sup>th</sup> grade.

- December MathLeague Contest, December 17, scores below and also on our website at <https://www.artofdoingmath.org/math-contest-results/>
- March MathLeague Contest, January 28. Register now at <https://www.artofdoingmath.org/registration-form-january/>
- MathLeague Nevada State Math Championship, date and location pending
- MathLeague National Math Championship, June at Texas A&M

**School Awards** are issued to schools based on their top elementary school grade. Division 5 schools are those without 6<sup>th</sup> grade and Division 6 schools are those with a 6<sup>th</sup> grade. In both divisions, as explained by MathLeague, a school's overall score (the "sweepstakes" score) is obtained by adding the top 4 individual point totals from the school, dividing by 4, and adding the school's top score on the team test. A maximum team total would be 400 points (300 points if the school had four members with perfect individual scores, 100 for the team test). Ties are broken by comparing team test scores (weighted by item analysis). Our winners for the January contest:

- Schools, Division 5
  - 1<sup>st</sup> Place, Westergard Elementary School
  - 2<sup>nd</sup> Place, Melton Elementary School
- Schools, Division 6
  - 1<sup>st</sup> Place, Coral Academy of Science Middle School
  - 2<sup>nd</sup> Place, Davison Academy of Nevada
  - 3<sup>rd</sup> Place, Swope Middle School

**Team Awards** are based on the Team Test and group all schools together, regardless of division. For each school, students organize in one or more squads of up to 4 students each. In overall results:

- 1<sup>st</sup> Place, Davidson Academy of Nevada (Alex D and Elijah J)
- 2<sup>nd</sup> Place, Coral Academy of Science Middle School (Alexander W, Benjamin W, and Ashwin W)
- 3<sup>rd</sup> Place, Gomm Elementary School (CN)

**Individual Awards** are by grade. First place winners, in addition to a trophy, earned \$50 cash prize.

- 3<sup>rd</sup> Grade
  - 1<sup>st</sup> Place, Vibhav G (Hunsburger Elementary School)
  - 2<sup>nd</sup> Place, Aryaa D (Hunsburger Elementary School)
  - 3<sup>rd</sup> Place, SD (Northern Nevada Home Schools)
- 4<sup>th</sup> Grade
  - 1<sup>st</sup> Place, Andy K (Caughlin Ranch Elementary School)
  - 2<sup>nd</sup> Place, Jason F (Westergard Elementary School)
  - 3<sup>rd</sup> Place, Lorenzo A (Nevada Virtual Academy)
- 5<sup>th</sup> Grade
  - 1<sup>st</sup> Place, Alex D (Davidson Academy of Nevada (Q))
  - 2<sup>nd</sup> Place, Alexander W (Coral Academy of Science Middle School) (Q)
  - 3<sup>rd</sup> Place, CN (Gomm Elementary School)

- 6<sup>th</sup> Grade
  - 1<sup>st</sup> Place, Nathaniel Tao (Swope Middle School) (Q)
  - 2<sup>nd</sup> Place, Kagan U (Swope Middle School) (Q)
  - 3<sup>rd</sup> Place, LP (Hall Elementary School) (Q)
- (Q) Noted students qualified for the MathLeague Nevada State Championship based on their performance Monday.

Congratulations everyone! Thank you for participating.

Our next contest is January 28, same place, same time as December's contest this past week. Please register at <https://www.artofdoingmath.org/registration-form-january/>

The current list of 2018-2019 qualifiers is at <https://www.artofdoingmath.org/math-contest-qualifiers/>

Please email with any questions, discussion, or recommendations.

Very respectfully,  
Matthew

Matthew Weaver

Art of Doing Math hosts free math practice in the greater Reno, Sparks, and Lake Tahoe area of northern Nevada, free practice materials, and are, since November, the official host of MathLeague's local contests. Art of Doing Math is purely non-profit and any funds received are used to pay direct out-of-pocket costs for this and future contests. All labor is strictly volunteer.
