

Subject: Results from MathLeague Middle School Contest at Nugget Casino Resort on February 12

Here are the results from Tuesday's MathLeague middle school contest at Nugget Casino Resort. The MathLeague Middle School contest (through grade 8) covers math typically taught through 8th grade.

- February MathLeague Contest, February 12, scores below and also on our website at <https://www.artofdoingmath.org/math-contest-results/>
- March MathLeague Contest, March 12. Register now at <https://www.artofdoingmath.org/registration-form-march/>
- (INTER)2 SECT National Championship, April 6, Silicon Valley, California

School Awards are issued based on the cumulative total of each school's team sweepstakes scores.

- 1st Place, Swope Middle School
- 2nd Place, Coral Academy of Science Elementary School
- 3rd Place, Arena Elementary School

Team Awards are based on the Team Test. For each school, students organize in one or more squads of up to 4 students each.

- 1st Place, Coral Academy of Science Middle School (Alexander W and Anushka M)
- 2nd Place, Swope Middle School (Duc L, Henry H, Ruby S, and Sean U)
- 3rd Place, Swope Middle School (Kagan U and Nathaniel)

Countdown Round involved the overall top four individual finishers.

- Winner, Alexander W (Coral Academy of Science Middle School)

Individual Awards are by grade. First place finishers, in addition to a trophy, won \$50 cash prize.

- 6th Grade
 - 1st Place, Alexander W (Coral Academy of Science Middle School) (Q)
 - 2nd Place, Nathaniel T (Swope Middle School)
 - 3rd Place, Kagan U (Swope Middle School)
- 7th Grade
 - 1st Place, Henry H (Swope Middle School) (Q)
 - 2nd Place, Ruby S (Swope Middle School) (Q)
 - 3rd Place, Kyle C (Arena Elementary School)
- 8th Grade
 - 1st Place, Sean U (Swope Middle School) (Q)
 - 2nd Place, Duc L (Swope Middle School)
 - 3rd Place, Archit D (Davidson Institute of Nevada)
- (Q) Notes students qualified for the (INTER)2 SECT championship on April 6.

Congratulations everyone! Thank you for participating.

Our next and last monthly middle school contest of the 2018-2019 season is March 12. Please register at <https://www.artofdoingmath.org/registration-form-march/>

The March contest is last chance for students to qualify for the (INTER)2 SECT National Championship. The current list of 2018-2019 qualifiers is at <https://www.artofdoingmath.org/math-contest-qualifiers/>

Please email with any questions, discussion, or recommendations.

Very respectfully,
Matthew

Matthew Weaver

Art of Doing Math hosts free math practice in the greater Reno, Sparks, and Lake Tahoe area of northern Nevada, free practice materials, and are, since November, the official host of MathLeague's local contests. Art of Doing Math is purely non-profit and any funds received are used to pay direct out-of-pocket costs for this and future contests. All labor is strictly volunteer.
